

6/11/2015

Dear Parents, Governors and Staff,

I am happy to present the results of our annual survey of parents' views about our Nursery School. This survey was carried out in the first half of the Autumn term. The response rate was 62%, which is a majority.

I am very pleased that, 100% of you agreed or agreed strongly that you are happy with the majority of what we offer at Appletree Nursery School. However you will see from the tables below that there is one area where you feel that there is room for some improvement; the information we share about your child's progress.

I am happy to tell you that in addition to our regular meetings with your child's key worker, we are now providing you with written guidance to help us to work together more closely on agreed goals for your child. Parents requesting additional help and support will be offered individual and group sessions. We will repeat the survey again at the end of the school year, to assess the impact of this new way of sharing valuable information about your child.

In addition to your ratings we received some lovely and helpful comments, including:

'We have used the services of Appletree for two concurrent children and both have made fantastic progress and been well cared for '

'Both my boys have been through this nursery I would recommend it to anyone '

'All my kids have loved coming to this nursery'

'Maybe a little more updates about learning and progress, e.g. the age charts'

'He loves coming to Appletree'

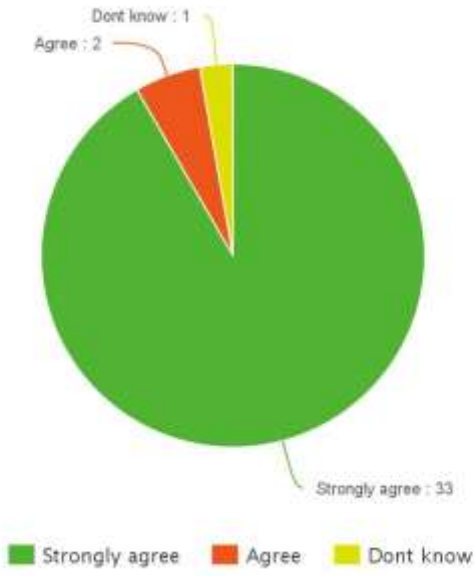

'You rock!'

'She is extremely happy here'

Thank you to all those who took time to respond,

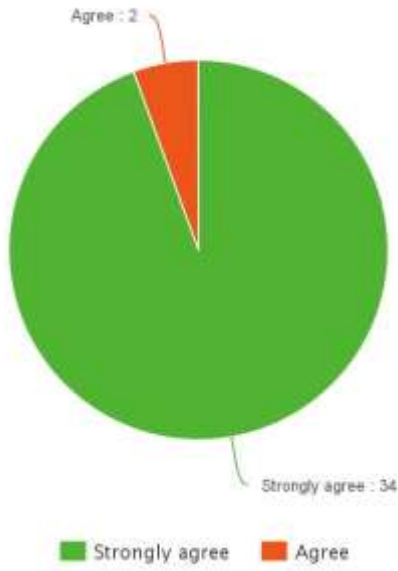

Julie Morrow. Head Teacher.

My child feels safe at Appletree
