

Our Intent

Curriculum of Intent statement.

“Life must be lived as play” *Plato.*

At Appletree Nursery School we believe in providing rich learning opportunities that allow children to grow and develop through exploratory and imaginative play, whilst supported by staff who will extend and challenge their learning helping children to become independent learners who can think critically and problem solve.

Our ethos and curriculum are both underpinned by the belief that the development and support of social and emotional wellbeing underpins resilience, a positive sense of self and a lifelong love of learning and achievement.

The following aims are developed through interactive experiences within the learning environment and interactions with significant adults and peers. Our Curriculum of Intent works alongside the Early Years Foundation Stage and Characteristics of Effective Learning.

<p><u>Aim 1</u></p> <p>Wellbeing</p> <p>For children to be emotionally resilient and physically healthy to enable them to achieve positive dispositions to learning and develop characteristics of effective learning.</p>	<p><u>Aim 2</u></p> <p>Curriculum</p> <p>For children to experience a broad and varied curriculum with exciting opportunities to encourage a love of learning and skills to support future learning.</p>
<p><u>Aim 3</u></p> <p>Communication</p> <p>For children to communicate effectively using an ever increasing vocabulary, that will enable them to collaborate with others and achieve social mobility.</p>	<p><u>Aim 4</u></p> <p>Community</p> <p>For children to engage within the local community, allowing them to develop an understanding of the immediate and wider world, a sense self and belonging.</p>

Implementation of intent

Aim 1: Wellbeing

For children to be emotionally resilient and physically healthy to enable them to achieve positive dispositions to learning and develop characteristics of effective learning.

How?

- Staff training on brain development, underpinned by current research.
- Consistent school routine.
- Children's learning reflected in all areas.
- Targeted behavioural support given as required.
- High priority given to supporting and developing self-regulation.
- Consistent approach to supporting conflict resolution.
- Staff modelling and reinforcing our high behavioural expectations.
- Consistently applied behaviour management system i.e. Golden Rules, visuals and dedicated Group Time.
- Adult modelling of care and use of resources.
- Access to high quality outdoor learning environments throughout all sessions.
- High profile given to outdoor learning.
- Children make a contribution to nursery by being given roles and responsibilities.
- Use of SStew scales to monitor and support well-being and involvement when needed.

Aim 2: Curriculum

For children to experience a broad and varied curriculum with exciting opportunities to encourage a love of learning and skills to support future learning.

How?

- Well planned curriculum based on high quality play experiences.
- Priority /emphasis on the Prime areas of learning.
- Implementation of the Pie Corbett reading spine, to support a rich story curriculum approach.
- Planned Letters and Sounds session, to support speaking, listening and phonically awareness.
- Maths and literacy taught explicitly through a sequenced progression outlined in specific skills progression documents across all areas of learning.
- Weekly planned Write Dance sessions to develop fine and gross motor development.
- The development of the five social and emotional competencies (self-awareness, self-management, social awareness, relationship skills, responsible decision) nurtured through planned mindfulness provision, story massage, yoga and mindful music time.
- Continuous provision and planning that supports the curiosity approach.
- Robust monitoring systems in place.
- Provision mapping in place to ensure Special Needs (SEN) learning is supported.
- High quality resources in the environment that reflect the current learning and learning needs of the cohort.
- Effective Key Worker system in place.
- Communication friendly learning spaces.
- Forest School sessions.
- Consistently applied behaviour management system in place, underpinned by high expectations.
- Ambitious targets for all children.
- High quality CPD.
- Focus on Parental involvement with Parental workshops being introduced.

Aim 3: Communication

For children to communicate effectively using an ever increasing vocabulary, that will enable them to collaborate with others and achieve social mobility.

How?

- Use of Wellcomm to assess and set targets.
- Early Talk Boost intervention groups.
- Rapid referral to Speech and Language (SALT) when we have concerns.
- Input from Special Education Needs-Coordinator (SENDCO) and specialist teachers.
- Use of visuals and Makaton.
- Adult modelling and extending vocab and sentence structure.
- Small group times.
- Bi-lingual story books and listening to songs and music from countries.
- Use of Key Texts from the Pi Corbett reading spine story curriculum.
- Use of key rhymes and action poems from Poetry Basket curriculum.

Aim 4: Community

Children who engage with the local community, allowing them to develop an understanding of the immediate and wider world

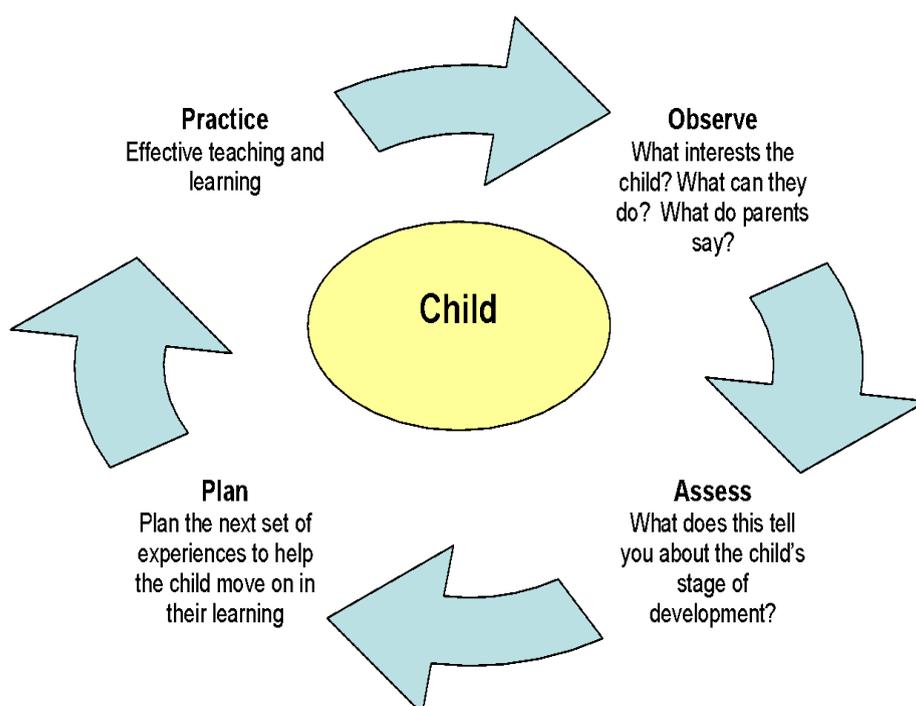

How?

- The curriculum is planned to ensure that we find out about and celebrate a range of different cultures.
- A range of cultural stories are used throughout the yearly planning.
- A range of cultural music and songs are used and learnt within the environment.
- Different cultures are reflected within the Continuous Provision.
- Children go on visits to the local community and we welcome visitors from the community.
- Forest School sessions are planned weekly.
- Links with the local school through 'We are reading' volunteers.
- Parental partnership given high priority.
- A programme of parental workshops take place over each academic year.
- Strong links and engagement with local schools.
- An open, welcoming ethos towards local community engagement.
- Annual reviews of community engagement, supported through the school action plan.

Impact

Our curriculum ensures that the needs of all children are met within a high quality environment both indoors and out. The majority of our children leave Appletree Nursery School ready for the next stage in their education.

Adults use the observe, assess, plan, practice cycle to ensure that they plan for the next steps in children’s learning through a play based curriculum, supported by targeted interventions when appropriate.

As a team, we carry out regular internal moderation sessions to ensure that we are confident with our judgements and that they are consistent and accurate. In addition to regular formative observations, staff input summative data on a termly basis to ensure that our children’s progress is monitored carefully.

Our curriculum is designed through consideration of topic led, child led and skills led targets and aims to instill and support the development of kind, confident and inquisitive learners, who have a sense of self within their community and within the world.

Curriculum Map

Our curriculum map is an overview of the progression/development of skills. Our curriculum is based on the learning needs and interests of the children and will be changed, adapted and developed in response to need.

Area of development	TERM 1	Term 2	Term3
PSED	<ul style="list-style-type: none"> To use resources independently To follow simple rules and routines To play cooperatively with others To develop self -help skills To separate happily from parents. To develop self-regulation. To develop the ability to deal with conflict. 	<ul style="list-style-type: none"> Further develop awareness of behavioural expectations. To communicate with others confidently. To manage and deal with own emotions and behaviour. To care for nursery resources and use them appropriately. 	<ul style="list-style-type: none"> To take turns and share independently To deal with and resolve conflict appropriately. To deal with change
CAL	<ul style="list-style-type: none"> To listen in a small group To join in with simple rhymes To speak in short simple sentences. To respond to simple instructions. To develop and extend vocabulary. 	<ul style="list-style-type: none"> To follow instructions. To use and understand basic questions. To use talk to recreate experiences and in imaginary play. To listen to stories with increasing recall. 	<ul style="list-style-type: none"> To Join in with familiar stories To continue to develop a wide ranging vocabulary. To speak in full sentences.
PD	<ul style="list-style-type: none"> To use large equipment with confidence To use the toilet independently. To develop fine motor strength and control To develop self - help skills 	<ul style="list-style-type: none"> To develop core strength and balance. To develop the ability use space safely showing an awareness of others. To move in a range of ways. To use equipment safely. To develop an effective tripod grip. 	<ul style="list-style-type: none"> To use space safely showing an awareness of others To move in a range of ways, showing control of large scale movements To use a pencil effectively and with control. Shows understanding of the need for safety when tackling new challenges, and considers and manages some risks (self-help + care)
