What have we been doing this week?

Little pips (9month—2 year room)

This week has been a very hot week for the children in Little Pips. We have had lots of fun with water and ice play, all the children have enjoyed running around the room with just their nappies on too. In the room we have tried to keep the children as cool as possible, so we made a little pool for the children to play in. They had so much fun sitting in it.

Appleblossoms (2-3 year room)

This week we have continued to explore 'Under the Sea' through dressing up as Pirates, making treasure maps and building a 'plank' to walk on in the garden! Also this week we have been keeping cool and talking about sun safety. We have had plenty of ice play with 'treasure' trapped inside. We have worked together to try different ways of retrieving the treasure such as banging, rubbing and watching the ice melt. We have had plenty of water play, cold snacks and fan time! Next week we will begin to explore boats as part of our under the sea topic!

Appletree Preschool (3-4 year room)

This week we have been learning all about sun safety, we have talked about the three most important things to remember on hot sunny days, sun cream, sun hat and water. We practiced using the word hydrated and talked about all the ways water helps our bodies. We also used some UV beads to explain how sun burn happens, we saw how the beads were white inside and once we were out in the sun where the UV was high they instantly turned purple (this amazed the children). We said that just like our skin, the beads change colour as a reaction and to keep safe from these harmful UVs we need our sun cream on regularly.

Phonics

We have been practicing our alliteration which is when all of the words start with the same letter.

Maths

We have been singing '1,2,3,4,5' and using our fishes as props.

Word of the week

Hydrate-to give your body enough water to keep it healthy and functionary well.
